YES, YOU GET THE DISC!!

One of the rate questions I get the most is "do I get a disc of the photos?". The answer is "yes"; it is included in the flat rate I propose to you. Your disc will have a release form that gives you unlimited print rights to the photographs, as well as duplication rights to the disc itself.

The disc also contains all of the good photos we get, pre-cropped into common print sizes like 8" x 10", and in three different tones: Color, black & white, and sepia. I also keep a master of your disc in case anything ever happens to yours. There is no charge for a replacement.
